"Pretty flower"  
Artist: Carly Barker, age 13,  
Florida

About half of the world's  
chameleon species live  
on the island of  
Madagascar.

Kangaroos are the only  
large animal to use  
hopping as their primary  
method of moving.

Happiness is a journey,  
not a destination.

A flower's fragrance may  
help attract pollinators.
